**Meet our new legislators, say hello to returning ones as we
present our priorities and Legislative Green Book.**

**Show Our Legislators That We Are Passionate About
Advocating for Our Clients - Be there Friday, November 18!**

We've said it before - if we don't advocate for changes in statutes and appropriations for our clients, who will? If we don't let our legislators know the importance of the services we provide to thousands of Palm Beach County residents, will we be around for the long term to do so?

For many years, we had no real impact on the legislative process. In the past five years, that has been changing because of our Legislative Advocacy Initiative, which was developed by the Palm Beach County Human Services Coalition and continues in partnership with the Nonprofit Chamber of Palm Beach County. We are being heard and we've had an impact. Our Legislative Delegation has embraced this consensus process. Make advocacy a top priority and join this effort. Your organization can no longer afford not to do

so.

On Thursday, October 20, dozens representing our health and human services community came together to set legislative priorities in the areas of health, mental health/substance abuse, disabilities, children and youth, elders, and hunger/homelessness/housing.

On Friday, November 18, from 9:30 a.m. to 11 a.m. we will hold the Seventh Annual Legislative Summit to be attended by members of our legislative delegation and their aides to hear the top two priorities in each area and receive a copy of the Legislative Green Book which they will use during the 2017 legislative session.
