Palm Beach County wants to ensure that all of its young people have the chance to thrive as children and succeed as adults.

That's why the county is creating a Youth Master Plan.

The voices of children and youth, and adults who care about them, are vital to creating a plan that can make a difference in our community.

Now is your chance to help shape the future of youth in Palm Beach County by joining any of the upcoming Community Conversations being held in the different locations throughout the county.
