COVID has changed the way we do everything! We are all trying to adjust to the "New Normal." We are feeling the impacts both in our personal lives and when running a business.

Attend this workshop and hear about the "New Normal Marketing" and what steps you can take to engage with your clients and reach new clients.

Topics will include:
Do our Marketing Strategies change during COVID?
Where do I start and why my Target Audience is critical?
What are the Social Tools I should be using?
Are Websites still important for my business?
Strategies to put the "New Normal" Marketing Plan together?

Free of charge.
