

Changemakers Grant Opportunity

In April 2023, a meeting with funders/past grant recipients was held to plan the countywide Changemakers fund Grant. When Palm Health Foundation along with funders from Palm Beach County was awarded the Robert Wood Johnson Foundation Award, they received \$25,000. Funders were asked to match the \$25000 so that they can offer a county wide grant. We had past mini grant awardees that attended the meeting and gave input.

I am thrilled to announce that the Community Changemakers Fund is live and is accepting applications. This occasion marks a significant milestone in our collective journey toward building a more vibrant and inclusive community. The fund aims to provide grassroots organizations and community stakeholders with the necessary resources to initiate impactful and sustainable change. I have shared this with our past mini grant awardees and on our social media pages. Please share among your networks and encourage others to apply.
