## **Nonprofit Info**

Our thanks to Florida Nonprofit Alliance for sharing many of the updates below.

#### PPP LOAN FORGIVENESS APPLICATION FORMS

There are now three different forgiveness application forms for Paycheck Protection Program (PPP) loans, each with its own set of instructions. Nonprofit organizations are advised to look at the criteria for each to ensure they use the form best applicable to their circumstances. Information and links provided by America's SBDC can be found <a href="here">here</a>. A fact sheet by the Small Business Administration is available <a href="here">here</a>.

# \*REMINDER\* PAYCHECK PROTECTION PROGRAM (PPP) APPLICATION DEADLINE EXTENDED

President Biden signed the <u>PPP Extension Act, H.R. 1799</u>, on Tuesday. Nonprofits and other eligible borrowers now have until <u>May 31</u> to submit their PPP applications, although the money may run out sooner.

A link the US Treasury page can be found <u>here</u> and Small Business Administration resources are available <u>here</u>.

#### \*NEW\* PAID LEAVE TAX CREDITS

The IRS issued <u>Fact Sheet 2021-09</u> this week explaining that under the American Rescue Plan Act, employers are entitled to refundable payroll tax credits for providing paid leave to employees who take time off related to COVID-19 vaccinations. The tax credits are available to eligible employers that pay sick and family leave for leave from April 1, 2021, through September 30, 2021. The Fact Sheet provides helpful tips about which employers are eligible, the leave for which the tax credits can be claimed, the amount of the credits and how they are calculated, and how to claim the credit.

# \*UPDATE\* SHUTTERED VENUE OPERATORS GRANT PROGRAM PORTAL REOPENS TOMORROW, 4/24

The <u>Shuttered Venue Operators Grant</u> (SVOG) program application process was slated to open April 8th. The <u>portal</u> crashed after opening earlier this month. As the time of publication, the portal has the following message posted: "We have completed rigorous testing and the Shuttered Venue Operators Grant application portal will reopen on Saturday, April 24. Applicants may continue to register for a new account."

The League of American Orchestras provides highlights from a recent SBA webinar here.

#### **COBRA SUBSIDIES FOR NONPROFITS**

The American Rescue Plan Act, which President Biden signed into law, includes a provision that helps employers – including nonprofits – that have to lay off staff due to COVID provide health insurance premiums under the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). The new law provides a <u>refundable tax credit for employers</u> that will subsidize the full cost of COBRA health plans from April 1, 2021 through September 30, 2021. The Internal Revenue Services is required to provide guidance on this new COBRA subsidy by April 10.

#### **\*UPDATE\*** ECONOMIC INJURY DISASTER LOAN (EIDL)

EIDL loan limits have increased from \$150,000 to \$500,000 starting the week of April 6th. The SBA news release linked <a href="here">here</a> states "this new relief builds on SBA's previous March 12, 2021 announcement that the agency would extend deferment periods for all disaster loans, including COVID-19 EIDLs, until 2022 to offer more time for businesses to build back."

#### \*REMINDER\* EMPLOYEE RETENTION TAX CREDIT

One of the significant changes in the COVID-19 relief bill that Congress approved in December was the extension and expansion of the Employee Retention Tax Credit (ERTC). The ERTC is a refundable tax credit (translation: nonprofits are eligible for it) that organizations can take if:

- 1. They partially or fully shut down operations when pandemic restrictions went into place; or
- 2. They had a decline in revenue. For 2020, nonprofits must have had a 50% drop in revenue for any quarter compared to the same quarter in the previous year. For 2021, nonprofits can access the ERTC if they had a 20% drop in revenue.

Organizations that receive a Paycheck Protection Program (PPP) loan can now also claim ERTC as long as the credits are applied to payroll and operating expenses different from those covered by the PPP loan, and organizations can claim both through the extended December 31, 2021 deadline. Also, the ERTC is now a much larger tax credit, covering up to \$7,000 per employee per quarter. The National Council of Nonprofits has an analysis of the ways the ERTC could help nonprofits -<u>linked here.</u>

Nonprofits First will host an online workshop on the Employee Retention Tax Credit on 4/28 at 2 pm, presented by Janet Scalzitti, CPA from Divine, Blalock, Martin & Sellari. This free workshop is brought to you by the Nonprofit Financial Management Network Group. Register <a href="here.">here.</a>

# \*REMINDER\* FOUNDATION CENTER (CANDID) INTRODUCES NEW WAY TO ACCESS ONLINE INFORMATION FOR FREE

Access to the Foundation Directory Online (FDO) has been free and remote for a full 12 months. As of March 25, 2021, users have a new way to access information - the FDO Essential Day Pass, created exclusively for Funding Information Network partners like Nonprofits First.

The day pass works like this: you land on the FDO login page where you'll be asked to create an account, which you can use each time you log in. The day pass allows users to use FDO Essential remotely in a 24-hour window. There is a clock at the top of the screen that will tell users how much time remains in the pass. After the 24 hours, the clock will show the next date on which you can activate a new pass (every 30 days).

Since you are able to create individual accounts in FDO Essential, you will have access to the MyFDO features that were not previously available. You will be able to create dashboards and save searches and return to them each time you activate a new pass.

You can access FDO Essential here at the link here.
