

**Job Opening: Community Health Advocate (COVID-19)**

Health Council of Southeast Florida/Lake Okeechobee Rural Health Network are hiring!

This position was created to fulfill the role of managing and coordinating the Community-based Integrated Service model of the agency. The Community Health Advocate (CHA) will provide education, outreach, and navigation/linkage to resources to county residents who have contracted or are at risk of COVID-19. The CHA will provide individualized assessments of risk factors that impact an individual's well-being and will refer them to the appropriate programs and resources in the community, and providing follow-up to make sure the resident's needs are met.

*Bilingual preferred, but not required (Spanish or Haitian Creole)*
